We take great care to prevent cross-contamination when preparing your order in our kitchens. However, due to the layout and operation of our kitchen we do not have specific allergen free zones and it is therefore not possible to fully guarantee separation of allergens. There is significant risk of cross-contamination in our kitchen and our deep fat fryers. **Our non gluten containing ingredients are not suitable for coeliacs.** If you would like further information on our cooking methods, don't be afraid to ask! We cannot guarantee your order is 100% free from any allergenic ingredient.
